

# SPORTS

## MAKEE WINS FROM LIHUE

The Makees continued their triumphant march pennantville on Sunday, this time by trampling over the Lihues at Kapaa. Followers of the game will remember that game on June 26th in which the champions were blanked for their first defeat by the score of 2 to 0, and by the Lihue team. They do say that "revenge is sweet" and the champions surely outdid themselves on Sunday in avenging their first and only defeat of the season. The score was 9 eggs for Lihue and five big tallies for Makee.

With Okuda, the hoodoo of the Makees gone to Japan, the Lihues showed lack of confidence, while the Makees, with Cummings in the box were out to win with worlds of confidence. Cummings was in great form and the only department Mitsumoto of Lihue managed to beat was in the free pass department, Cummings doling out three free meal tickets to his opponents' one. He struck out eight, hit one batter and allowed only three singles. Mitsumoto allowed ten hits including a triple by King and doubles by Yoshida and Doi. Only four Makee batters were retired via the s. o. route.

The Makees started to score in the second, making a brace on three clean hits. Soong singled on King's grounder. Yoshida singled to left, making it two down, but Holt singled by hitting Mitsumoto's shin with a hot grounder and Cummings's walked. Doi connected with a timely single over second and Soong and Holt scored. In the fourth King tripled with one down and Yoshida followed with a single to right scoring run number three. The last two runs of Mitsumoto were not earned being gifts by Tai and Mitsu. After Soong had been laid away Mitsu presented King with a safety. Yoshida forced King but Tai's boot of Holt's grounder let Yoshida to third and Holt safe on first. Cummings hit a fly to center, but Manuel Teves couldn't locate the ball without his sun-glasses and Yoshida scored. Tai's error on Mitsumoto's throw to home to catch Cummings coming to second scored Holt for the last run of the day.

Lihue's best chance to at last save a whitewash came in the initial frame. Tai, first man up, made a clean single over second, and Mitsun neatly sacrificed him to second. Tank hit a fly which both Yoshida and Doi went after and both stopped a few feet from the ball, each thinking the other would get it. This gave Tank a single and Tai was resting on third with two on and one down. Tank tried the double steal but was caught at second with Tai refusing to take a chance on Tsunehiro's arm. Manuel Teves, Lihue's clean-up hitter, was out. Tsunehiro to Holt and Lihue never had another chance during the balance of the game except in the sixth. In this inning Mitsu, first up, was soaked in the back and promptly stole second. Ahana let the ball get away and Mitsu tried to score, figuring on Ahana's inability to make a long throw. "Flat" however, was equal to the occasion and although his throw traveled in rainbow fashion to the plate, it was straight and in plenty of time to beat out the runner.

Stolen bases: Doi, Kenneth Hee, Yoshida.  
Bases on balls: Off Cummings 3; off Mitsumoto 1.  
Struck out: By Cummings 8; by Mitsumoto 4.  
Hit by pitcher: Mitsu.  
Umpires—A. Wong, and Ako.

### GROVE FARM 8; KOLOA 6

Grove Farm continued their winning streak by defeating Koloa in a slugfest at Lihue by score of 8 to 6. Neither Robello or Gerbacio were very effective, the former being found for fifteen hits of which four were doubles while the southpaw allowed eight bingles, one being a homer.

It was just another case of weak pitching that lost the game for Koloa, as they made enough runs to win a ball game with any kind of pitching. They have hit opposing pitchers hard in the last three games against the leaders, but have never had pitching effective enough to hold the enemy safe. With a good pitcher Koloa would be right up in the battle and it is hoped for next season that they line up a good man.

Grove Farm was the first to score and went right after Robello in the first inning. Roke drove a two-bagger to left-center and scored when Fernandez doubled to right. Fernandez went to third while Perrera was out Robello to Monsarrett and scored when Ahana singled over second. Prioste singled to right and Ahana went to second. Gerbacio singled to left, scoring Ahana but Prioste was out trying to make third on the play.

The Farmers came right back and scored one more in the second when with two Roke singled to left and stole second and went all the way home on Hajime's wild throw to the bag.

They did not waste any time but started after Robello again in the third. Perrera singled and stole and scored when Ahana singled to left. Prioste flew out to left but Gerbacio doubled, scoring Sasey.

Koloa had been going out in almost one, two, three order in the first half of the game, but in the fifth they hit Gerbacio to all corners of the lot driving in five runs. Manuel Costa walked and stole. Marian Costa singled, scoring his brother. Monsarrett flew out to center. Robello singled Costa going to second. Kendo singled scoring Costa. Bust went out to Gerbacio to Prioste but Kuzuma got a toe hold on one of Gerbacio's fast ones and drove out a Babe Ruth to right center.

Koloa tied it up in the seventh when Robello singled to left and Roke left the ball roll through his legs for a homer.

The Farmers put over the winning runs in the eighth. Prioste singled and stole. Gerbacio singled, scoring Prioste. Carvalho went out to Bush to Monsarrett, Gerbacio going to second. Shinno struck out but Malina singled, scoring Gerbacio. Gerbacio held the Koloaites safe in the ninth and another game added to the rapidly growing win column of the Farmers.

### BASEBALL NOTES

Next Sunday's game between the Makees and McBrydes at Kapaa will be one of the most important games of the season. If the Makees win their 1921 pennant will be almost cinched, and the last meeting of the two teams will probably have no effect on the final result. If McBryde wins, however, and the two teams play true to form until their next meeting, then this last game will most likely decide the 1921 championship. Here is the situation: Makee has played ten, won nine and lost one, and McBryde has played eleven—won nine and lost one. If the Makees win next Sunday, they will have won ten and one lost and McBryde nine won and three lost. If the same thing happens during the third round as in the previous two rounds with McBryde and Makee sweeping everything before them, and the Makees win their postponed game with Makaweli, they will have sixteen won and one lost, while McBryde will have fourteen won and three lost when the two teams meet again in October. A defeat for the Makees in this last game makes it sixteen won and two lost, to McBryde's fifteen won and three lost, so "Talking" Tilly and his clan will spare no efforts to win, and neither are the Makees looking forward to any easy pickings. It will be a battle royal and worth going many miles to see.

Joseph Rodrigues, the regular first baseman of the Makees was absent on Sunday, having left for Honolulu to attend a short session of the summer school. He will be back on Friday to aid his team in the most important games of the season. Harvey Holt was an able substitute and his terrific grounder in the second inning, which struck Mitsumoto on the knee, decided the game, according to some of the Lihue players.

Manuel Teves of Lihue seems to specialize in interference plays. During the last Lihue-Makee game he was called out for interfering with Tsunehiro and again was called out on Sunday for interfering with Cummings, who was trying for a high fly.

Cummings put a little extra into the second and Fujii, Mitsumoto and Manuel Teves all cut holes in the air. Schumacher, the first man up in the third inning, also fanned, making it four in a row for Schumacher.

K. C. Ake of McBryde umpired with Arthur Wong and although he no doubt would have been tickled to death to see the Makees lose, we must admit that he officiated in able and impartial manner. Not that we expected him to favor Lihue, but that we appreciate his good work. Arthur Wong is improving in the sign language, and no doubt will become an adept at it after several more tryouts.

STANDING OF CLUBS	W.	L.	Pct.
Makee	9	1	.900
McBryde	9	2	.811
Grove Farm	7	4	.636
Lihue	6	5	.555
Koloa	4	7	.363
Makaweli	3	7	.300
Engineers	2	12	.000

### GAMES NEXT SUNDAY

#### McBryde vs. Makee

All roads lead to Kapaa next Sunday and the fans that intend to take in this game had better start early if they hope to get near enough to park to see the game. For this is the "erocical" game of the season. If Tilly beats the champs on their home lot it will be a set back that will be hard for them to overcome, but if they beat him then it is all over but the presenting of the pennant. For then the champs can afford to drop two games of their remaining five without losing the pennant though McBryde could tie them by winning all the rest of their games if they should drop them.

Makee has a world of confidence since Cummings held the Lihue team so well and are banking on him to come through again. They admit that he is an in and out but point to the fact that he always pitches a

good game against the teams that are claiming that all Tilly will need his poor games are against the tail enders.

McBrydes are banking on Tilly to hold the Makee sluggers safe and are praying for the rest of the team to give him a couple of runs. Some of the more, optimistic supporters are claiming the tail Tilly will need is one run to win the game. The champs claim that they have only been shut out once this year and that was by Bob Okuda. They are not worrying about Tilly holding them runless but are figuring how Jonah is going to hold the Scotchmen.

This game is a big one to Tilly and he is going to pitch his head off to win. The team has apparently come out of their batting slump and should at least give him two runs. The question of the hour is: Can Tilly shut the champions out? The Makee fans will still point to the champs victory over Tilly but the McBryde fans claim that it was the first game of the season and that he was not in the best of form.

No matter which way you feel about it, jump in the flivver and drive to Kapaa and you will see a real ball game.

### LIHUE VS. KOLOA

Lihue and Koloa meet at Lihue in their second meeting of the season and although Lihue beat Koloa decisively at their last meeting the Lihue boys will have to step to turn the trick this time. The Koloa batters seem to be able to hit any kind of pitching, neither Tilly nor the great Jonah Cummings being able to keep their assaults with the willow. Mitsumoto has been hurling nice ball lately but since his injury in the Makee game the burden is liable to fall on Teves. Teves is a good twirler but the team does not seem to have the confidence when he is working and boot away whatever chances he has to win.

Robello has not been in good form in any games lately so that Lihue will have a chance if they start to hit the offerings of the Koloa twirler. They greeted him with a rally in the first inning of their first game that netted seven runs. If Koloa continues their hitting streak the Lihue team will need all seven and perhaps seven more.

It should be a slugfest match and those that enjoy heavy hitting it should cause them to pass an enjoyable afternoon. Nevertheless, most of the ball fans of Kauai will answer

the call if they are paged at Kapaa next Sunday afternoon.

### MAKAWELI VS. GROVE FARM

The tail-enders tackle the fast climbing Farmers at Makaweli and according to the dope, the Farmers should bring home the bacon. But things do not always happen according to the dope, which is one of the reasons that baseball is the American national pastime. Makaweli has a good team and if someone will tell Dwight Baldwin why they do not win more games, he will be presented with the freedom of the Makaweli community house.

The Farmers defeated the cellar champs at their last meeting, 3 to 0 but Makaweli has a team that has improved one hundred percent since that time. The Farmers have improved also and at present are riding high on a winning streak, so they are going to be a hard team to stop. Gerbacio will work for the Farmers as he turned them back with only three hits at their last meeting. Wramp will be in the box for Makaweli, and if the team can score a few runs, he will give the Farmers a battle.

Makaweli won from the defunct Engineers team by forfeit last Sunday.

### FIRST GIRL RESERVE CAMP A BIG SUCCESS

The Girl Reserve camp at the Hofgaard mountain house has been everything that a successful camp could be and the first group of girls numbering eleven in all, have returned to their homes with happy memories and healthy bodies. The first day in camp was one of the two rainy days during their stay and on this day the participants of good times so overcame the gloom of out-of-doors that the "Sunshine Camp" was adopted and every minute the girls lived up to the name.

The girls cooked their meals, being given menus and new recipes, and necessary supervision, so that by the end of the ten days every girl had a condensed course in domestic science and economic cookery.

Each day began with a sitting-up exercises under the kukui trees at 6:40 o'clock. Breakfast was served at 7:20. Garden work and house-cleaning followed and occupied one hour, at the end of which the swimming pool was found the most enjoyable spot in all Kauai.

After luncheon, lunch hour was most welcome, and at half past two sewing or reading was in vogue, although some of the girls liked to spend this time in tracing birds by their calls and in finding new wild flowers, for each of these activities received honor points.

At 4:00 o'clock a second swim was scheduled, after which supper tasted better than ice cream and candy.

In the evening a bonfire and songs or a candy pull or vaudeville lasted until 8:00 o'clock.

From ten minutes past eight o'clock Girl Reserve meetings took place each evening with discussion of health, knowledge and service.

At half past eight lights were out and smothered giggles and whispers could be heard for scarcely five minutes because sleep became easy.

Such was the daily program, but on one day everyone went on a picnic to the "Swamps." It was a long hike and full of interesting turns and surprises. The goal was well worth the effort but we were all certainly tired enough to sleep that night without even one whisper after the lights were out.

Sometimes there was opae hunting and although we used no net we caught plenty of the elusive shrimps.

More, much more, than this, the girls did while at camp and you could hardly blame them for having a little regret that they could not stay on instead of giving their camp to the next group, which will take possession on Wednesday August 17.

Have you seen Maggie, and Jiggs, Dinty Moore and Boob McNutt? Drop in an dlook 'em over at the Kauai Drug Co., Kapaa.—Adv.
